

APPEA 2022 Mobile App

The following highlights some select tips and features of the app to maximise your APPEA 2022 experience.

Logging in

You have been issued an email with a personalised login.

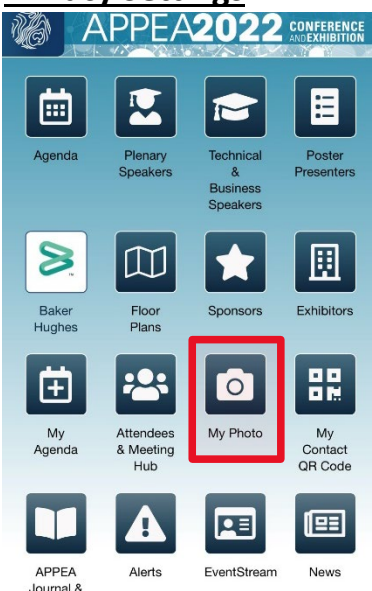

Tap the big green 'Log in' icon & enter your email and app pin.

Your pin is also printed on the reverse side of your name badge.

If you get stuck, just tap the 'reset password/get pin' button

Once you log in, the greyed-out icons will become active.

Profile picture and Privacy Settings

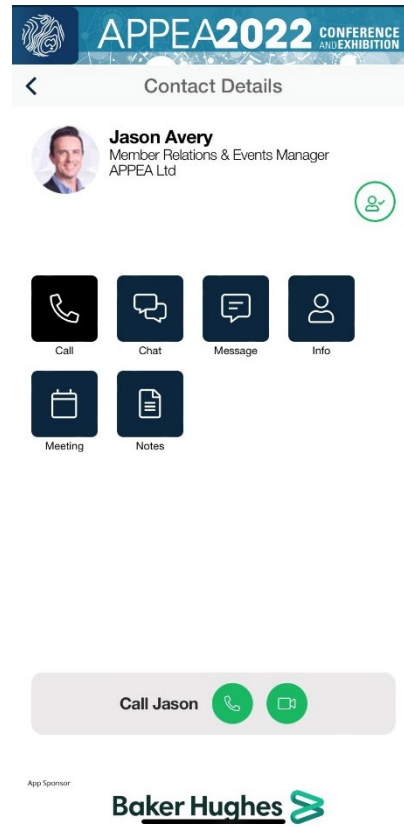

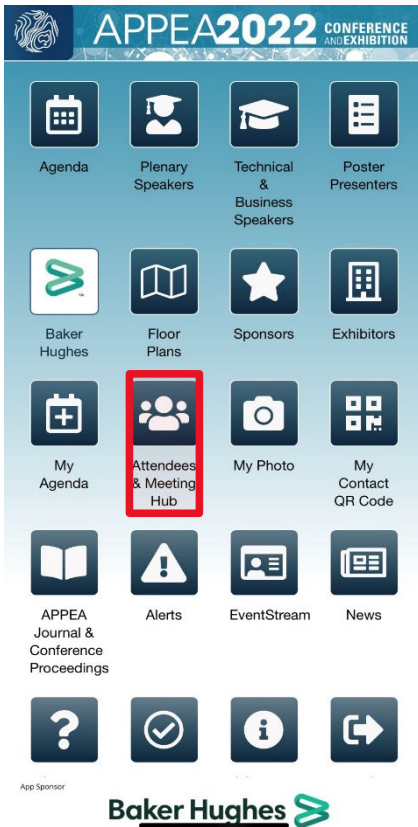

To maximise business networking, all delegates are strongly encouraged to upload a head shot photo to your profile using the 'My photo' icon.

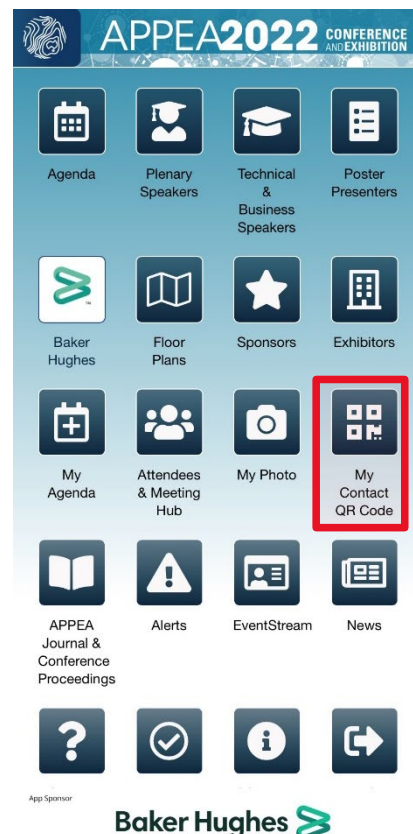

Select what personal details you wish to share with others, under the 'Privacy & Settings' icon.

Connecting with conference attendees

The 'Attendees & Meeting Hub' icon has all conference attendees who have consented to being listed on the app. You can send a message to an attendee by tapping on their name. You will need to "request connection" by tapping on the green plus icon in the top right-hand corner.  The recipient will then receive a request notification. Once connected, you will be free to call, send a message, and schedule a meeting together.

Tap on the 'My Contact QR Code' icon to connect with each other via scanning name badges or the Contact QR code on your device.

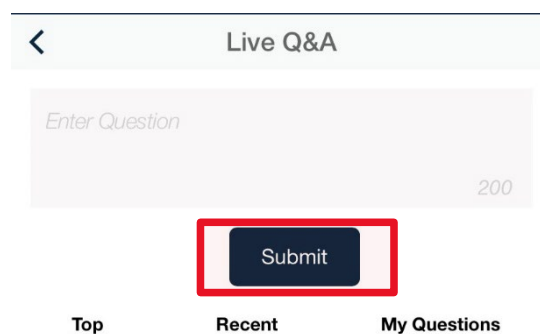

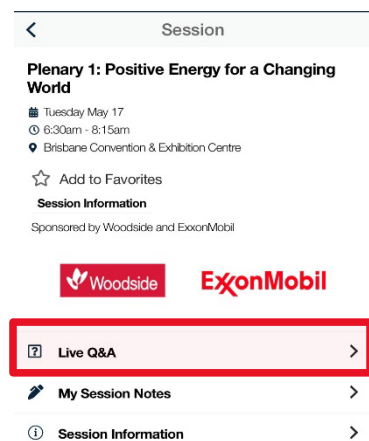

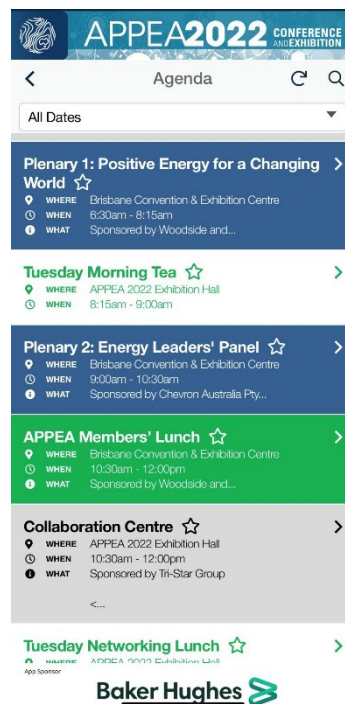

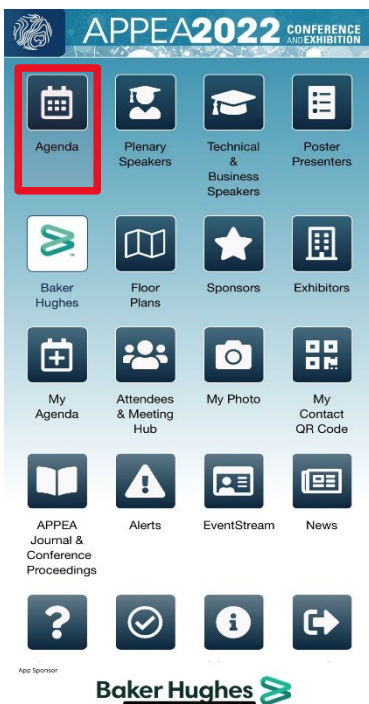

Asking questions to presenters during sessions

1. Tap the 'Agenda' icon
2. Select your session
3. Tap the "Live Q&A" icon
4. Enter your question and then
5. Tap the 'Submit' button.

This sends your question to an iPad that the facilitator/chairperson has, which collates all questions from all attendees.

Every endeavour will be made to answer your question, however there may be times when the volume of questions submitted means this may not be permissible. (as the iPad the chairperson has is receiving questions from both delegates onsite at the convention centre, as well as virtual delegates from around the world for the live streamed sessions)

Note: The Live Q&A app will only be active for use during the scheduled time of the session.

News and Updates

Be sure to regularly check the news updates and messages.
